A screenshot of a web browser window displaying a code editor. The browser's title bar says "Restricted Mode is intended for safe code browsing. Trust this window to enable all features." Below the title bar, there are tabs for "registration.html", "media-query.html", and another "media-query.html". The main content area shows a snippet of HTML and CSS. The code includes a DOCTYPE declaration, an HTML element with lang="en", a head section containing meta charset and viewport tags, and a title. The body has a background color of blue, font size of 15px, and text-align of center. It contains two media queries: one for max-width:600px setting the background to white, font size to 16px, and text-align to left; and another for min-width:601px setting the font size to 18px. The browser interface includes a search bar, a status bar at the bottom with "Restricted Mode", file counts, and spaces, and a system tray with icons for battery, signal, and temperature.
